CONGRESS SEES DEFENSE BILLS NEARING FINALS

Army Bill Conference Reach Agreement While Naval Heads Turn to House.

WILSON STRUGGLES FOR BIG INCREASES

Conference Won't Increase Enlisted Strength; Raise Retiring Age.

WASHINGTON, Aug. 7.—National defense legislation in congress is approaching completion. Today the conference committee on the army appropriation bill submitted a compromise agreement and the conference on the naval bill voted to disapprove on the big construction program and personnel increases, the only remaining points of dispute in that measure, so that the issues might be referred back for quick settlement by the two houses.

Members of the house will be called to Washington next week for a vote on the building and personnel sections of the naval bill.

President Wilson and administration adequate defense champions are expected to make a determined effort to induce house leaders to yield to the senate program for construction of 66 vessels, eight of them to be capital ships, during 1917. The house provided for only five capital ships. If it votes to insist on the original provisions, it is said the senate conference will offer to give up the three-year continuing program in the senate bill as an inducement to accept the big program for the first year.

Agreement reached by the conference on administrative features of the personnel section, but they did not agree on the question of increases in the enlisted strength. The administration is anxious that the enlarged senate authorization in this section also be accepted. The senate provided for a total enlisted strength of 74,000 and the house for only 61,000.

Secretary Daniels' plan for promotion of navy officers by selection instead of seniority was accepted, but was so amended that it would not apply to officers lower than the rank of commander. Provision is made for a board of nine admirals to pass on the promotion and six must agree in each case. It also was agreed that captains who are not promoted before reaching the age of 57 shall be retired and that commanders not promoted be retired at 45 and lieutenant commanders at 40.

The conference also raised the general retiring age limit from 62 to 64 years.

Senator Chamberlain will call up the army appropriation report in the senate tomorrow. The bill as agreed on carried \$267,527,000 or \$35,000,000 in excess of the house bill. A report had been delayed several days while the war department made an unsuccessful effort to induce the house conference to recede from their insistence on the Hay amendment making retired officers exempt from provisions of the military code.

Many Appropriations.

Among the big army appropriations as agreed to are:

Pay of officers of the line, \$10,000,000; transportation, \$23,000,000; clothing, \$20,000,000; subsistence, \$20,000,000; ordnance stores and ammunition, \$10,000,000, of which \$5,000,000 shall be expended for purchase of munitions, the remainder to be used for manufacturing; ordnance stores and supplies, \$9,500,000; armed motor cars, \$500,000, reduced from \$1,000,000; field artillery and ammunition for national guard, \$20,000,000, reduced from \$28,000,000; for automatic machine rifles, \$2,000,000, reduced from \$3,000,000.

For training camps, such as that at Pittsburgh, the bill appropriates \$2,000,000, a reduction from \$4,000,000 in the house bill. An appropriation of \$450,000 in the senate bill to reimburse the state of New York for expense in mobilization of the national guard was stricken out. A \$200,000 appropriation is included in the bill as agreed to for relief of dependent families of guardsmen and enlisted men.

OTTAWA, Ill., Aug. 7.—While pushing a wheelbarrow today as a day laborer Burton Harris of Los Angeles, Cal., was given a message that a wealthy uncle had left him \$200,000. The message said also that another \$200,000 had been left to Harris' mother and sister.

DREADNOUGHT OKLAHOMA JOINS AMERICAN FLEET

NEW YORK, Aug. 7.—The new dreadnought Oklahoma will join the Atlantic fleet at Newport, R. I., today. She left here yesterday to take her place with the other big warships of the first division. It is expected she will be given a cruise of about three weeks to give her company of one-thousand officers and men a chance to become acquainted with her.

The Oklahoma has been here for a few months completing her equipment. The three-inch anti-aircraft guns were added to her equipment just before she left here. It is said she is the first vessel of the United States navy to be so equipped.

BUILDING BEING ERRECTED BY EXCHANGE NATIONAL BANK

—Photographed from architect's drawing by Clarence Jack.

The Exchange National bank, largest financial institution in Oklahoma, is erecting this modern skyscraper at Third and Boston. The excavation is almost completed. The lower floors will house the bank. They will be the finest banking quarters in the state. It will be the biggest building from a standpoint of floor space in Tulsa, as well as the most costly. The building has its main entrance on Third street. Diagonally across the street is located the ten-story Daniel building, while one block south, on Boston and Fourth, are the ten-story Gallais building, the eight-story Clinton building and the five-story Pioneer Telephone company building.

With excavation almost completed, architects have arrived on the scene to personally supervise the construction of the twelve-story office and bank building being erected at the corner of Third and Boston streets by the Exchange National bank. The building will be the most striking in the state and will rank with any bank building in the middle west. It will be ten stories proper but a substory and mezzanine make the actual height and capacity of the structure twelve stories. The exterior will be stone up to the second story and from thence a combination of light buff brick and terra cotta. While decorative effects are planned the chief attraction of the building will be its stability. The floor space will be 30,000 feet, the entire lower floor and substory being used for private offices. The substory will contain the finest set of safety deposit vaults in the southwest. Other features of the building and bank room are sixteen windows, men's lounging rooms, ladies' restroom, banquet room and cafeteria for bank officials and employees only, shower baths and locker rooms and everything in the way of equipment that is modern and practical.

FIND WAY TO MAKE PAPER FROM COTTON

PROCESS IS DISCOVERED BY GERMAN SCIENTISTS WHO OFFER IT TO U. S.

Newspaper Men in America Say If Announcement Is True It Will Revolutionize.

(Correspondence of The Associated Press.)
BERLIN, July 30.—The royal material testing office at Gross-Lichterfelde, a suburb of Berlin, announces the discovery that paper can be manufactured from cotton stalks. The discovery is not considered of much importance for Germany, which produces no cotton, but is pointed to as of vast importance to the United States, the greatest producer of cotton in the world, because of the shortage of paper reported in that country.

The discovery was made, it is stated, by a German institution while carrying out a commission from an Egyptian firm, given before the war. A shipment of stalks, which had arrived from Egypt before the opening of hostilities was used for the experiment. The stalks were cut and ground boiled and bleached and the paper making then proceeded after the usual methods. The result caused the testing office to arrive at the decision that cotton stalks are a good material for making paper.

NEGROES PROTEST SEGREGATION LAW

Say Democrats Treated Them "Square;" Republicans Are Mean.

REPUBLICAN success means African domination," is the time-worn cry of the Democratic politician in Oklahoma. Sunday it was given a rude upturn to the chin when several hundred negroes met in a mass meeting at the Dreamland theater and adopted resolutions asking the city commissioners to repeal the segregation ordinance passed last week.

Many of the negroes who took a prominent part in the meeting issued statements to reporters on a Democratic newspaper, in which they bitterly assailed the present officials, all of whom are Republicans. Democrats here made much of the incident and are throwing out strong hints for the negro vote, which they will need in the fall campaign.

As one of these artificial minorities, the Democratic organ has advised all negro citizens to attend the commissioners meeting today and the meeting this morning is expected to entertain several of those who took a prominent part in drafting the segregation ordinance on Friday there has been a resentment against the law through-out the negro population of Tulsa and this has been fanned by the Demo-

GERMANS CAN'T CHECK MASSED RUSH OF ALLIES

Retreat Before French at River Somme and Before British at Pozieres.

TEUTONS ENTER LINES AND ARE DRIVEN OUT

Italians Gain Possession of Whole Hill No. 85; Take 3,000 Prisoners.

PARIS, Aug. 7 (1916 p. m.)—Late today the French troops captured a line of German trenches between Hens Wood and the Somme, according to the official statement tonight. They also made some progress south of the Thiaumont work.

The statement says:

"North of the Somme our troops brilliantly carried a line of German trenches between Hens Wood and the river, east of Mouquet farm. One hundred and twenty prisoners and about ten machine guns remained in our hands."

"South of the Somme our artillery was very active. Heavy batteries near Launoy were effectively shelled. On the right bank of the Meuse we made progress south of the Thiaumont work. We took five machine guns and found in the captured trenches numerous German dead. After a somewhat spirited engagement we captured some houses in the western part of Fleury."

"Our line near Vaux le Chapitre and Chenevix were subjected to a bombardment."

GERMANS REPULSED

LONDON, Aug. (11:15 p. m.)—Determined attacks on the British lines north and northeast of Douvres this morning were repulsed, according to the British official statement tonight. The Germans succeeded in entering the British lines at one or two places, but were driven out. The British lines were repulsed.

"North and northeast of Pozieres the enemy delivered two determined attacks on our new line between 4 and 5 o'clock this morning. After a heavy bombardment he entered our trenches at one or two places, but was driven out again, losing many casualties, and leaving some prisoners in our hands."

"Two further strong attacks were made at 8:50 a. m. with exactly similar results. Soon after 4 p. m. another feeble attack was repulsed; more prisoners were taken."

"In front of Souchez the enemy exploded a mine, and a few minutes later some of his parties entered our trenches over the crater. They were immediately bombed out again."

"At Zwarteleen the enemy sprang another small mine without effect. The enemy artillery has been active near Bethune, La Bassée canal, and Loos. The rest of the day casualties and damage were negligible. Our guns retaliated vigorously."

ITALIANS SUCCESSFUL

ROME, Aug. 7.—(Via London, Aug. 7, 3 p. m.)—Italian troops commanding a strong Austrian position commanding communications between the Franzens valley and the Sare torrent in the Gader valley in the Tofana region says an official communication issued today by the war office. Several Austrian attacks on the slopes of Monte Zebio, on the Sella Communi plateau were checked by Italian artillery.

In the lower Isonzo the Italians gained possession of nearly the whole of hill No. 35 and held it against violent counter attacks. Prisoners taken in yesterday's fighting by the Italians total 2,500. A large amount of ammunition and guns also was captured.

The official statement follows:

"Between the Adige and the upper Piave artillery activity continues. On the Sella Communi plateau the enemy exploded several mines, destroying one of our trenches on the slopes of Monte Zebio and then delivered attacks which were checked completely by our artillery."

"In the Tofana region our troops captured strong enemy positions commanding communications between the Franzens valley and the Sare torrent in the Gader valley. The enemy continued to bombard villages in the upper Doga valley and we retaliated by bombing the military buildings at Turvis, Tabbie and Tolmino."

"On the lower Isonzo our troops began yesterday an attack on some strong enemy positions, while in the Montefalco sector our offensive made progress toward hills 82 and 121. After effective preparations by artillery and trench mortars, our troops carried several lines of the enemy's entrenchments. In the Montefalco area, after fierce hand-to-hand fighting, Bersagliere cyclists of the Third, and held against several violent counter attacks nearly the whole of hill 85."

"During yesterday's fighting the enemy took 2,500 prisoners, including one hundred officers, one of whom was a regimental commander and one a staff major, a battery of three guns, several dozen machine guns, numerous rifles and much ammunition."

"A squadron of our Caprai aeroplanes bombarded the railway junction."

"Also along the Stokhod river, in Volhynia, near the town of Carece, the Russians have driven the Teutonic forces from their trenches and occupied them, taking 12 officers and two hundred men prisoners and capturing one machine gun in the operation. In the Carpathians the Germans report the capture of two peaks from the Russians."

COUNTY CLERK SHOOTS SELF AS TRIAL NEARS

COVINGTON, Okla., Aug. 7.—Unable to bear the disgrace of arrest on a charge of misappropriating county funds, so his friends believe, Ire Criegler, 45-year-old, formerly county clerk of Noble county, today shot and killed himself with a large caliber revolver. The top of his head was torn away and he died instantly.
